

# Ancient Stone Ball Climber

Archaeological Adventures playgrounds are exciting and stimulating to children of all ages, including engaging play-ground equipment that reflects the theme and provides the fun. The 4 Kids' Mayan Stone Ball Climber is a perfect example of a playground structure that blends a fascinating theme with a high fun factor. Large enough for climbing and balancing, the Mayan Ball brings the mystery of the ancient Mayan culture to the park, community playground or commercial fun center. Kids will revel in the challenges of the stone ball, using their motor skills in tandem with their imaginations to create an ancient Mayan make believe world.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
