

# Angora Goat Sculpture

From sweet eyes to curling horns to hardy hooves, our Angora Goat Sculpture is sure to engage visitors to your playground, park, museum, zoo, or attraction. We engineer all our creative play equipment so it will maintain its color, texture, and finish under even harsh conditions--blazing sun, rough storms, or playing children. Shown here in a realistic finish, our artisans craft this piece to appeal to young and active imaginations. This climber, like all our play sculptures, is constructed to the highest safety standards.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
