

Archer Bollard Planter

Add a classical touch to any site while protecting people and property. The Archer Bollard Planter features the distinctive Greek key design, making it especially suited for restaurants, museums, botanical gardens, resorts, and more. We can produce this in a range of colors and even color match existing amenities. Plus, The 4 Kids offers several finishes, including stone, concrete, or a bronze finish we can customize to the brightness level you prefer. Like many of our security bollards, this tub-style planter is constructed from GFRC (glass fiber reinforced concrete), a composite known for its resistance to weather and impact.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

Contact Us

Ordering from The 4 Kids is easy, initial consultation & quote is free.
