

Ayers Rock

Just over one foot off the ground, the Ayers Rock is the perfect size for children aged 2-12. As red as the Sedona rocks of Arizona, we can make these in any shape and size you would like. If you're looking to create an adventurous climbing experience, we can help design a playscape where children can scale rocks of all sizes, building confidence as they go.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
