

Baby T-Rex Head

Our Baby T-Rex head is a surprisingly cute way to give visitors an up-close view of one of nature's most infamous predators. We've crafted the piece shown with realistic features, but it's available in other finishes as well, including stone. All of our sculptures, including our dino heads, are constructed with sturdy materials that will maintain their color and finish for many years. They're low maintenance, too, which makes them a no-hassle addition to exhibits, themed attractions, or indoor playgrounds.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
