

Log Hurdles Bare

Running, jumping and playing with peers are fun activities on a playground. Our New Log Hurdles provide opportunity for all these actions. Children will enjoy running and jumping over each log. These are great for improving balance, building muscle strength and encouraging social interaction. Kids can hold hands with their friends as they walk across while trying to balance like a log roller. The Log Hurdles are also available with a bark texture for a more wooded look and can be customized to any length. Crafted from gfrc for durability and its resistance to the elements, these logs are made to last.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
