

Bay View Treehouse

Even adults fancy the idea of a lovely custom designed tree house, set among the forest foliage with a view of a peaceful bay. But The 4 Kids Bay View Tree House is not a design for adults. Bay View Tree House is for the true experts, the kids. An amazing, all-inclusive playground, Bay View beckons to the younger set, the ones who love to climb and crawl, scrambling up walkways and through secret tree entrances, who delight in sliding down twisty tunnel slides and swinging on tree limb swings. So authentically designed that visitors assume it's a real tree setting, the Bay View Tree House is as popular among park planners and parents as it is with the youngsters, since it is designed using the strictest safety standards and crafted from glass fiber reinforced concrete for years of low maintenance service in all weather. If you think your theme park or family fun center could be greatly enhanced by The 4 Kids Bay View Tree House, bring your ideas to our playground artists today.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
