

# Benton Bollard Planter

---

---

Enhance any streetscape or landscape with the classic planter design of the Benton Bollard Planter. Our site amenities team crafts this with high-quality GFRC (glass fiber reinforced concrete), a material known for its unmatched strength and versatility. The Benton is strong enough to resist impact, so it will help protect people and safeguard property. Like all our security posts and barriers, this offers no-hassle installation and a low-maintenance finish. We've shown it here in concrete finish, but other varieties are available as well as many color options.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
