

Black Palm Cockatoo Pair

Two distinctly unique and intriguing Black Palm Cockatoo figures are featured in this The 4 Kids sculpture, perched grandly atop a post, raising the level of drama and fun for amusement and theme parks, family fun centers, entertainment venues of every kind, even museums, zoos, aviaries or wildlife sanctuaries. Besides functional as directional signage, entryways and queue borders, a set of The 4 Kids Black Palm Cockatoo Post Toppers adds an impressive air of style and playfulness to every space where people gather to enjoy themselves. The birds are posed and exceptionally realistic, convincing many that they just might be real, putting the fun in functional for post use indoors or outdoors, in commercial or community play venues. Children delight in interacting with these lifelike designs, crafted by expert artists in the Greenville, Texas studios of The 4 Kids, and park planners and maintenance staff love them also, for other reasons. Constructed with superior materials, the cockatoo designs are durable, weather resistant and require virtually no maintenance.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
