

# Black Palm Cockatoo Sculpture

The Black Palm Cockatoo Sculpture stands watch over all its surveys. Placed in a high setting, children and their parents will love to look up at its striking color and feathered headdress. This black bird is one of the more exotic birds in the wildlife repertoire of The 4 Kids. It is made of materials that will stand the test of time, keeping its color under the toughest conditions. Keep imaginations running wild and encourage continual learning with nature's teachers.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
