

# Blue Crab Post Topper

Fascinating to observers and appreciated by park planners, the Blue Crab Post Topper from The 4 Kids has the power to turn a pretty plain utility post into a work of art, enhancing the overall appeal of theme parks, museums, retail spaces, entertainment venues or anywhere it finds a home. A talented team of designers in the Greenville, Texas studios of The 4 Kids created the Blue Crab sculpture as a lifelike replica of the real thing, meticulously detailed and enthralling to visitors in parks, playgrounds and family centers. As a special touch to enhance the décor and kick up the fun factor, the Blue Crab Post Topper turns a row of directional posts or signage into an impressive exhibit of the finest in playground art. Besides its realistic detail, the blue crab is as functional as it is fun, crafted from superior materials that are virtually maintenance free in all weather. Even salt spray from the sea itself cannot mar the beauty of this Blue Crab sculpture, ensuring years of durable service.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
