

Blue Heeler

Kids will herd around this Blue Heeler Sculpture, which features the breed's unique coloration and alert facial expression. Our artisans designed this play sculpture with tough material so tough kids can climb all over it and engage in active play. The colors are stable in UV light, so it will keep its beautiful markings for a long time. This Australian Cattle Dog is a fun play structure for public parks, daycares, military base parks, children's museums, and children's hospitals.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
