

# Tolland Bollard Planter

---

---

Security never looked so good! The Tolland Bollard Planter is a functional, beautiful addition to any amusement park, residential building, school, restaurant, or attraction. The super-tough material is engineered to withstand heavy impact -- even from cars -- yet it does so without sacrificing good looks. Our expert designers crafted this security post to offer the look and texture of real stone. Like all our bollards, this model is American made and simple to install. The size is fully customizable too, so you can be sure you get the perfect fit for your site.
