

Park View Illuminated Bollard

Light the way around your site with the Park View Illuminated Bollard. This modern design offers dual-function value. It clearly marks pathways, perimeters, or boundaries with a super-durable material engineered to withstand impact, yet it provides street lighting as well. Like the other bollards in our extensive line, it's also weather-resistant, maintaining its look and finish no matter the climate. Our team can design and build this model in many colors and textures. This custom post adds security and safe lighting to schools, attractions, buildings, car-free plazas, and more.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

Contact Us
