

Litchfield Illuminated Bollard

Safeguard pedestrians or mark pathways with the Litchfield Illuminated Bollard. Our engineers designed this post to offer security and street-level lighting to parks, gardens, hospitals, schools, or attractions. Shown here in stone finish, this security post is crafted with highly-durable glass fiber reinforced concrete (GFRC), a material tough enough to handle impacts from vehicles, bicycles, and rambunctious kids. This bollard can be lighted using the method of your choice our consultants can guide you to the right fit for your site. Like all our security posts, the Litchfield Illuminated Bollard is simple to install and easy to maintain.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
