

Centre Bollard

The Centre Bollard is a classic choice for adding security or managing traffic at schools, museums, hospitals, or office buildings. We use only high-quality materials that have proven resistant to weather and impact. What's more, this security post is low maintenance and incorporates UV-stable pigments that maintain their color for many years. The Centre Bollard is shown in a concrete finish, and it's offered in a variety of colors, including light or dark buff, gray, or brick brown. We can match existing finishes on your site as well.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
