

# Tioga Bollard

Project managers and property owners love dual-function amenities, making the Tioga Bollard a smart choice for projects like schools, museums, hospitals, and residential or office buildings. We craft this security post using materials known for durability and strength, giving it the toughness to hold up in high-traffic areas. However, the classic lines also add timeless visual appeal to any property. It's shown here in our popular concrete finish, which provides a range of color options. Plus, our team has the expertise to color match existing finishes on your site.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

## Contact Us
