

Northumberland Bollard

What looks like a classy addition to any landscape is actually a super - tough security bollard that will divert traffic, safeguard pedestrians, prevent parking, or mark boundaries. Engineered using material that is weather- and impact resistant, the Northumberland Bollard is a smart investment for developments, schools, college campuses, hospitals, casinos, or museums. The timeless finish adds visual appeal that won't fade no matter the climate. If this style doesn't suit your project, we offer custom designs and colors as well as planter bollards and illuminated security posts.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
