

# Northampton Bollard

---

Provide unobtrusive security at your property with the clean lines of the Northampton Bollard. This modern, curving design blends well with many styles, making it ideal for schools, hospitals, residential or office buildings, museums, and more. But there's more to this custom security post than visual appeal--it's strong, made from material known for its ability to hold up under impact and weather. The Northampton is simple to install too, and it requires no special maintenance. We offer this in a range of colors, or we can match existing finishes on the site.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
