

Westmoreland Bollard

The Westmoreland Bollard is a fully functional security post that provides an extra measure of safety without the industrial look of some brands. We've constructed this with super-strong material formulated so it will help safeguard pedestrians, manage traffic flow, or mark off private areas. Plus, it's simple to install. Available in a range of colors, this ornamental bollard will be constructed to whatever size you need. As a result you get exactly what's needed to create a visually pleasing--and safer--property. This is just one of many styles we offer, including planter bollards and illuminated bollards.
