

Portage Bollard

This security barrier means business without appearing overbearing. The clean, modern lines of the Portage Bollard make this option a wise addition to properties like schools, museums, office or residential buildings, and venues. Like all our security posts, this model is constructed from the highest-quality material, engineered to stay strong in the face of impact and weather. It's available in a range of colors, and our team can also color match for restoration projects. No matter how many barriers you need to safeguard your property or divert traffic, the Portage Bollard will get the job done.
