

Southcote Illuminated Bollard

Light up your public spaces with the Southcote Illuminated Bollard. The 4 Kids designed this security post as a multi-function site amenity. It provides street lighting that adds security and helps guide residents, guests, or visitors, yet it also creates a secure barrier between vehicles and people or property. It's available in a wide variety of colors and finishes, including concrete and stone, plus we can color match existing site amenities or buildings. Illuminate the Southcote using the lighting source of your choice -- our expert team is happy to guide you if you have questions about the best fit for your site.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
