---

---

If you love multifunctional amenities as much as we do then you'll dig the Greene Bollard Planter. This trough - style planter adds interest to any plaza, school, condo, residential development, or office building. We've designed this to be fully customizable: size, color, and finish. It looks fantastic displayed on its own, but it's also impressive in a grouping. Built from architectural-quality, reinforced material, this planter adds an extra measure of safety by resisting impact and helping protect people, vehicles, or buildings.
