

Knox Bollard Planter

The Knox Bollard Planter is more than a simple pot. While it will showcase the greenery that transforms any public space, it's also an effective bollard for outlining pedestrian areas, marking entrances, or prohibiting vehicles. At The 4 Kids we offer a fully customized experience; we'll build this bollard planter to the size -- big or small -- you need for your site, whether it's a school, restaurant, botanical garden, or municipal building. Our team has the know-how to construct it in nearly any color, and color matching with existing amenities is also available.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
