

Chatfield Bollard Planter

The Chatfield Bollard Planter may look simple but don't let the no-fuss lines fool you. We use an architectural composite called glass fiber reinforced concrete (GFRC), which is resistant to impact. The trough-style design is an ideal way to define boundaries, restrict access, or prohibit parking. GFRC construction also allows this bollard to withstand corrosion and nearly any weather condition. Custom sizes are available, which lets you mix and match sizes for coordinated group display. Install the Chatfield Bollard Planter at sites like botanical gardens, resorts, shopping centers, parks, and resorts.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
