

Cessna Bollard Planter

Give greenery a place to shine with the Cessna Bollard Planter. Our artisans craft this with simple lines that showcase the blooms, greens, and decorative accents that dress up any landscape or streetscape. This bollard planter is a fantastic choice for so many properties, including children's hospitals, residential buildings, resorts, attractions, and more. The 4 Kids uses only high-quality architectural materials, like glass fiber reinforced concrete (GFRC), that withstand impact as well as weather. You have a range of color options, so you get the exact look you need. The Cessna looks great as a single planter, but it's also impressive in a group display.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
