

Arden Planter

The Arden Planter offers plaza sophistication. Transform your plaza or entryway into an inviting space with custom GFRC planters from The4Kids. When creating custom molds, our team pays close attention to detail. GFRC is a versatile material that can be molded and colored to just about anything. Like all our security posts and barriers, this offers no-hassle installation and a low-maintenance finish. Each of our planters offer individual style, are made-to-order and built to last.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
