

Blore Planter Box

A simple design with a lot going on the Blore Planter is ideal for sites like hospitals, condos, plazas, and more. Our planter is constructed with an incredibly durable material that has a higher tensile strength than steel. It holds up in harsh weather conditions and won't corrode. We offer many of our planters and bollards in a variety of finishes so you can set the perfect mood for your property. Like all of our planters, the Blore Planter is simple to install and requires very little maintenance.
