

Boston Terrier Pup

Doggone cute may be the only way to describe the Boston Terrier Pup Sculpture. We've pictured it here in the popular realistic finish, which showcases the lifelike details that fuel young minds. Don't let this little pup's size fool you; it's crafted from super durable material that stays strong and beautiful despite weather, sunlight, and toddlers. That's right, like all our play sculptures, this is a climber that gives young children a safe, tot-sized structure to touch and climb on.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
