THE 4 KIDS ♦ CUSTOM THEMED PRODUCTS

♦ Playground Safety

We design for safety; then we inspect and test to make sure that the playgrounds we make meet and exceed all safety standards and regulations: CPSC, IPEMA, ASTM.

♦ Experience

In the last 30 years, The 4 Kids and its parent company; the Stromberg Group; have designed and built playgrounds and themed elements for parks, playgrounds and attractions around the world.

♦ Is It Durable?

Our products are crafted from GFRC and GFRP, glass fiber reinforced concrete or polymer. Our materials are environmentally friendly, comprised of minerals, and can stand up to Mother Nature. They are made to last, and will maintain their beauty for years, with little maintenance.

♦ What We Offer

At The4Kids, we produce art that you can play on. We believe children deserve something better than metal bars and plastic shapes. Let us help you make your play space fun, beautiful, inspiring, memorable and safe. Our company offers custom design services. We establish a combined effort between a custom playground specialist, imaginative playground engineers and a client who sees their playground as a valued space and a creative, playful extension of their facility. Our team of experienced artists, sculptors, and engineers will help capture the unique personality and vision of your project to transform your ideas into a tangible playscape or park structure.

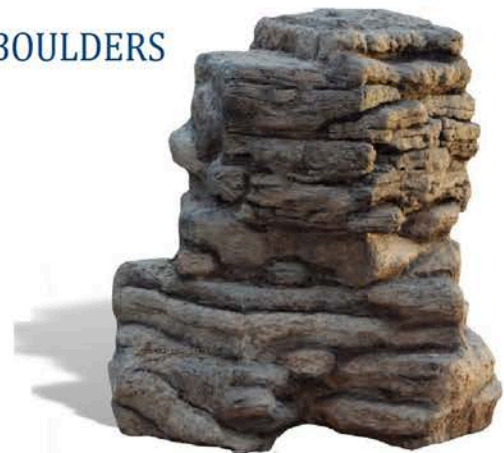

Why Select The4Kids?

- ♦ Innovative Designs
- ♦ Proven Experience
- ♦ Committed to the Success of Your Project

Have an idea in mind? Envision it, work with our experts to design it, then relax while we create it. Its that simple!
