

In Memorial & Commemorative Benches

Add donor names, raise funds, memorialize and commemorate people or events with The4Kids' Commemorative Benches

WE offer these commemorative benches in a range of styles and sizes to meet your needs.

These benches are suitable for indoor or outdoor use. Each bench is custom made for you. Use in a memorial garden, city park, school, church, monument, entry or any public or private space.

Quality Construction

Built to endure the test of time. Crafted in high quality GFRC, our benches are proven performers in all climates and weather conditions. Stronger and more impact resistant than cast stone, carved limestone or concrete.

When you contact us, we listen. We will walk you through the process, step-by-step and help you with your custom design. We will send you a proof of your bench, including the total cost, before you make your final decision. If you are not 100% satisfied, you owe us nothing.

Custom Options

We offer a range of options in custom commemorative benches. Select the design you want, the color you want and the wording you want for your bench.

Help From Our Artist

We are the manufacturer and have 30+ years of experience. We work with you to ensure you get the look you want. We will assist with formatting the text, proper line width, depth of cut and details. We layout your text, images and create a design. Using molds, we can create unusual and unexpected shapes, unique textures, and fine details that you simply don't find on most benches. Then we send you a proof showing the final design for your review and comment. Once you see our work, you'll never think about benches the same way again.

Benefits
