

LYNNFIELD MARKET STREET

LYNNFIELD, MA

- A fantastic pair of realistic, lifelike works of playground art enhances Market Lynnfield
- The 4 Kids in Greenville, Texas kicks up the fun factor at Market Street Lynnfield
- Excellent tortoise and frog thrill and delight

Challenge:

The 4 Kids design team relishes the chance to create and construct just the right structure for special locations that will captivate crowds no matter what their ages. For Market Street Lynnfield, these playground geniuses knew they needed to come up with something unique to round out and blend with a super shopping/entertainment/dining experience, especially for the kids. The finished product had to be a remarkable part of this busy city center's service oriented venue.

Solution:

Kids are always top priority in the studios of The 4 Kids, and our team came up with awesome playground sculpture replicas of a lifelike tortoise and a big, bulging-eyed frog, inviting little climbers, crawlers and balancers to come and play while mom and dad relax and enjoy the music, do some shopping or have a bite to eat at Market Street Lynnfield. The tortoise and frog are perfect playmates for energetic kids with lively imaginations.

LYNNFIELD MARKET STREET

Result:

At Market Street Lynnfield, it's true you can find anything you need, especially if you're looking for a wonderful play experience for youngsters, or a chance to relax and enjoy the friendly atmosphere. A trip to Market Street Lynnfield, whether for shopping, dining, participating in special events, or family entertainment, is not complete without enjoying some time with the popular frog and tortoise that beckon to kids and captivate adults. Crafted using the most stringent safety standards, the animal play features are constructed with top quality, cutting edge materials that ensure they are virtually maintenance free in all weather conditions.

Next Step:

Is there a place in your city's shopping area, theme park or family resort for The 4 Kids unique and versatile playground artwork? Can you see a tortoise or a frog in your park's future? Your next move is to contact the experts at The 4 Kids for a free consultation.
