

LYON'S MEADOW PARK

LYONS , COLORADO

Nature Themed Play

- One swing set to add to the fun
- Crafted play equipment using realistic bark texture for sensory play
- Engineered swing structure with durable materials that stand up to the elements

Challenge:

A park was being created and additions were needed. We were contracted to supply a nature themed swing set with a bucket seat for toddlers.

Solution:

Our artist set out to craft a swing set that meets all safety standards, using a steel posts for the interior frame and coated with textured gfrc.

LYON'S MEADOW PARK

LYONS , COLORADO

Result:

Lyon's Meadow Park, since renamed LaVerne M. Johnson Park, now has a swing set with two swings. The frame has been hand textured to feel like real tree bark. This piece truly says nature with its realistic feel and appeal. All of the children will be excited to swing all day.

Next Step:

The 4 Kids play equipment is custom designed and crafted of environmentally safe and virtually maintenance free materials, the obvious next step for park planners is to contact us for a consultation. Our team will help custom design the perfect piece to fit your needs.

Double Nature Swing
