## *A Community Treasure*

- Created custom sculptures for the entrance
- Crafted each piece using resilient, low-maintenance material
- Each piece was casted with custom, hand-made molds

## **Challenge:**

A construction group contacted us in regards to a project for the Suny Morrisville Iceplex in Morrisville, NY to create six custom pieces for a renovation project. We were asked to create six, custom colored, decorative fiberglass, sports-themed features for the exterior entrance of the Iceplex.

## **Solution:**

This project had a request for 6 sports-themed architectural elements. Once we received approval on the custom gold colored samples, we got to work on creating two sets of 3 different themed sports balls: Basketball, Soccerball and Volleyball.
