

Cattail Post Topper

Engaging designs that are fun as well as captivating are a must for theme parks, commercial playgrounds, children's museums and fun centers. A cool way to add that extra measure of panache is a collection of unique post toppers, such as this Cat Tail Post Topper design from The 4 Kids in Greenville, Texas. Perfect for enhancing the décor scheme at family friendly venues such as Tealwood Oaks Playground in Flower Mound, Texas, where the cat tail designs are favorites of kids and adults alike, post toppers are a simple and effective décor tool. Creating a look and feel of a natural setting with authentically designed works of art, the cat tails are mounted on utility posts for any number of uses. Completely customized by a fantastic team of artists, sculptors and craftsmen in the studios of The 4 Kids, the cat tail post toppers are wonderful accents for lining walkways, supporting signage or defining spaces. Park planners love the design because of its indestructible glass fiber reinforced polymer finish, which resists damage in all types of weather conditions, requiring very little maintenance for years of good looking service.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
