

Cheshire Bollard Planter

A simple, elegant fruit and leaf motif makes the Cheshire Bollard Planter a lovely option for properties like restaurants, outdoor dining areas, botanical gardens, resorts, and more. Our artisans craft this to perfectly showcase the flowers, greenery, and decorative accents that enhance any space and make it more people-friendly and livable. Made with GFRC (glass fiber reinforced concrete), the Cheshire is impact resistant, adding another layer of safety to your property. We can mold bollards into virtually any size, and we offer many colors, which allows you to create the atmosphere your project needs for success.
