

Combo Swing Set

This combination swing set is a great way to complete any park or playground. Its post is hand crafted from glass fiber reinforced concrete (GFRC). This material is a great alternative to traditional materials as its weather resistant qualities create a play piece that has a low upkeep cost. Our combination swing has one bay for a basket swing and the other bay is a double set. This combination will allow up to 3 plus children to be on this set at the same time. The 4 Kids is committed to bringing you themed play with safe and imaginative materials.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

Contact Us
