

Corn Climber

This Corn Climber is a great way for kids to play with their food. Our food sculptures grab attention at children's museums, theme parks, public parks, food courts, or restaurants. It's perfect for themes like garden, food, healthy eating, and local agriculture. Our engineers use material that's super-durable and resistant to weather, sunlight, and curious hands. The pigments and texture will maintain their look for a long time. Grow your own 'garden' of fruits and veggies, by checking out our produce section. It's healthy fun for everyone.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
