

# Coyote Pup

The Coyote Pup Sculpture by The 4 Kids design team shows the rugged yet charming features of young wildlife in nature. With curiosity in its eyes and a playful lift to its stance, the Coyote Pup Sculpture invites children to come and play and learn. It can be climbed, sat and crawled on for interactive education and exercise. Made from glass fiber reinforced polymer, it is safe, strong and easy to clean and preserve. This playground feature can be used in several different display or play environments.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
