

# Cumberland Bollard

---

---

Adding security features to your property doesn't mean it needs to look like a construction site. Ornamental security posts and barriers, like the Cumberland Bollard, provide a measure of safety without detracting from the landscape or building. Perfect for schools, museums, hospitals, college campuses, and more, this distinctive bollard, shown here in concrete finish, is a smart investment for property owners. Not only does it add visual appeal to streets, parks, or plazas, it also helps safeguard people and property. Like all our security products, we've built this with material specifically engineered to stay strong through impacts and harsh weather conditions.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
