

Darke Bollard

Ornamental bollards aren't limited to conventionally - styled security posts. The Darke Bollard makes a statement on any site, from schools to museums to office buildings. It's shown in concrete finish, but we offer other finishes as well as additional colors we can even incorporate bright, fun hues using UV-stable pigments. Our team designed this from glass fiber reinforced concrete (GFRC), a material engineered to deliver the strength of precast concrete at a much lighter weight. It's also resistant to impact and weather. The size can be fully customized to meet your needs.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

Contact Us
