

Trilobite Fossil Dig

This Trilobite Fossil. made for dig sites, is sure to bring the explorer out in your little ones. Sculpted to look like the real deal, this fossil can be set in sand, ready for you to brush away as you gently excavate the fossil. Little ones will delight as they play an archaeological game on the hunt for prehistoric treasure. This item, as all of our other items, is fully customizable. You could have one tooth or a hundred teeth made to be placed and found. What an adventure the children will have in the classroom or museum. Call us today to get started on crafting your personal selection of Megalodon teeth.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground.
