

# Doberman

---

---

There are few things that inspire a child's imagination like a friendly dog's face. Curious young minds will be drawn to this Doberman Play Sculpture and its sweet and alert expression. Our artists designed this climber sculpture with a realistic finish, which conveys lifelike details that invite kids to investigate, from the tip of its ears to the stub of its tail. Add this dog to indoor playgrounds, outdoor themed playgrounds, children's hospitals, children's museums, or military base parks. It's ideal for themes like dogs, animals, assistance animals, police, and military.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
