

Pair of Doves Post Topper

The charm of a pair of peaceful doves is universal and The 4 Kids Pair of Doves Post Topper adds a new dimension of design that amps up the décor of themed venues, parks, zoos, even commercial fun centers and museums, while adding a measure of fun to the functional. The doves, perched atop a utility post, might be used for any number of tasks at a busy park, including welcoming visitors at the entrances, displaying directional signs, lining walkways and defining spaces, among many others. These sweet little doves turn a line of boring border posts into an enthralling stroll among play sculptures so meticulously crafted that observers might easily believe they are the real thing. Exquisitely posed and colored with the subtle hues of Nature, the dove design is a favorite of park planners and staff wherever they are used, simply because they are virtually maintenance free, created from high quality construction that gives the playground sculpture an indestructible finish in all weather, even snow, ice and salt spray from the ocean.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
