

Dromaeosaurus Sculpture

When kids go to the park to play, they don't expect to meet dinosaurs, but they are delighted when they do. Of course, The 4 Kids' Dromaeosaurus is not the scary kind of dinosaur, but an exciting playground sculpture to add fun and entertainment to child's play. Realistic and expertly designed, artists from The 4 Kids know how to add thrilling play elements to parks, playgrounds, theme parks or indoor fun centers. Construction materials include glass fiber reinforced polymer that results in high safety levels and low maintenance. Custom designed for inclusion in existing layout plans, The 4 Kids Dromaeosaurus is superior.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
