

Dromedary Camel Sculpture

If you're looking to add unique features to your safari themed playground, the Dromedary Camel Sculpture is a piece that will fit right in. Life size in design and realistic in detail, our artists took their time with this one. Children will flock to this sculpture to touch and attempt a climb; he is the perfect specimen for teaching. Dromedary camels are known for their single hump on the back. This sculpture is crafted from glass fiber reinforced polymer, and is simply mounted to the surface. We have several different camels to choose from, so that you can create a herd of desert roaming creatures. Be sure to check out our other safari themed play pieces to make a complete playscape for all to enjoy.
