

Duck Pond Swing Set

The swing set has always been the favored spot of the playground, as it is where children can soar through the air. The Duck Pond Swing Set creates a world of enchantment, where children can swing under a protective canopy, mounted on a vine covered tree pole design. Crafted by expert playground artists and engineers, the duck pond swing set delights children as they swing below a pond of ducks. They can pretend they are fish in the pond looking up to a duck family. Designed in compliance with the most stringent safety standards, the swing set is safe as well as sturdy. Highest quality glass fiber reinforced concrete craftsmanship ensures that the swing set's superior finish is virtually maintenance free in all weather conditions. Custom designed to meet your needs, this swing set is a true work of playground art for any setting.
