

Easter Island Moai 4' Climber

While climbing structures are often a main attraction at the playground, the Easter Island Moai 4' Climber is a head above the rest. The Easter Island Moai is designed for a captivating play experience that is also educational. This 4 foot climber is an awesome play feature for any playground, park or Archaeological Adventure theme play center. Indoor or outdoor, the playground with a unique and exciting climber like the Moai climber is going to be a regular stop on a kid's play schedule. Boosting balancing and coordination skills, the climber experience also fuels a developing imagination, but for a kid, it boils down to the fact that "It's fun!"

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
