

# Fort Bowie

The Fort Bowie Playground offers a super-cool 2-story Frontier Fort tree house. Kids can use the top level to zoom down the curvy tube slide—always a playground hit! Your guests or students will also love racing down the double slide and scaling the Wagon Wheel Climber. We've incorporated a Covered Wagon Bridge, which is the perfect place to launch an adventure. Add special touches to the playground by choosing options like a Steer Play Sculpture or extra Teepee Climbers. While we design all our educational playground equipment for maximum fun, we also design it for maximum safety. All components are constructed using child-safe materials that stand up to heavy use. Plus, this adventure playground is resistant to weather, so your investment will keep its look and finish for a long time.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
