

# Hanging Orangutan Sculpture

Swinging through the trees, all this Hanging Orangutan Sculpture needs is the screeches of delight when the kids see him! He is eight foot two inches tall with his outstretched arm hanging onto a bar, Tarzan style. Engineered from super-strong GFRC, this realistic orangutan was made to outlast any environmental conditions. Available in three different finishes, it will make a welcome addition to any monkey and ape display. The Hanging Orangutan Sculpture created by The 4 Kids is a favourite with young and old alike.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
